PROFESSIONAL EXPERIENCE

Nexius   **Sep 2023 - Present**
Senior Full-Stack Developer
- Led the development of robust applications for finance and healthcare sectors, leveraging .NET, VB.NET, and MVC frameworks.
- Optimized site performance, reducing operational costs while enhancing stability and user experience.
- Conducted code reviews, mentored junior developers, and ensured adherence to best coding practices and quality standards.

Regbits & Co   **Dec 2020 - Aug 2023**
Associate Software Developer
- Developed and maintained full-stack applications using Magento and Laravel for healthcare and e-commerce clients.
- Assisted in troubleshooting and optimizing performance, improving user experience and reducing bugs.
- Collaborated with cross-functional teams in agile sprints to deliver features and updates.

PROJECTS

R1RCM
- Role: Developer
- Objective: Resolved daily bugs and improved application performance by optimizing database queries.
- Impact: Enhanced application responsiveness and user satisfaction.

Freedom Forever
- Role: Developer
- Objective: Designed functionality to read files from SiteCapture and troubleshoot daily bugs.
- Impact: Enhanced operational efficiency through effective feature implementation.

Charlottesweb
- Role: Support Engineer
- Objective: Resolved critical bugs and improved site performance.
- Impact: Maintained high site availability and user satisfaction.

Innex
- Role: Developer
- Objective: Developed basic login/logout functionality and populated data from the server utilizing RESTful APIs. Created a Hyva-compatible "Share Cart" extension.
- Impact: Enhanced user engagement and streamlined the shopping experience.

KN Filters
- Role: Site Maintainer
- Objective: Addressed bugs on Product List and Product Detail Pages.
- Impact: Improved site functionality and user experience.

Aircall
- Role: Developer
- Objective: Developed a Magento extension for compatibility and integration with Aircall.
- Impact: Enhanced communication capabilities on the platform.

Bizbox
- Role: Lead Developer
- Objective: Created an extension to split checkout orders into multiple recipients and resolved integration issues with Zoho CRM.
- Impact: Improved checkout efficiency and streamlined order processing.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Software Engineering
University of Central Punjab
Oct 2016 - Oct 2020
